Follow these instructions carefully

- 1** Ensure you make payment online. Once you receive a confirmation email, record your order number on the postage label above.
- 2** Use a denture disinfectant such as Steradent or something similar to disinfect your denture.
- 3** Seal your broken denture in a clear bag
- 4** Include a copy of your invoice or a note with your order number and contact details.
- 5** Carefully pack your denture (we recommend a padded jiffy envelope) and attach the above Address label.
- 6** Take your parcel to your nearest post office. Please note you will need to pay for postage (we recommend a tracked service).

Once we receive your denture we will need it in our lab for a maximum of 24hrs before we send it back using tracked 1st Class post.

Please note: In the unlikely event that items are lost while in possession of the Denture Medics team, any compensation will be limited to the value of the order placed.
